Carers: Ask an Expert !

When money doesn't stretch far enough, many carers don't know where to turn for support.

Join this session with Financial Counselling Victoria (FCVic) to learn about financial resources and assistance available to help you stay on track with your money.

This session will focus on:

- financial resources and assistance for carers
- grants available to support you in managing your utility and phone bills
- how to connect with free, confidential and independent support from financial counsellors.

You will have the option to submit a question to FCVic at the time of registration. The guest speaker will also respond to as many live questions as possible during the session.

The presenter will respond to live questions from carers throughout.
